

Country Level

Risk Measures:

IMF-Degradation Biodiversity Score¹

IMF-Regulation Biodiversity Score²

Endangered Species Score³

Threatened Species:

No. - Freshwater

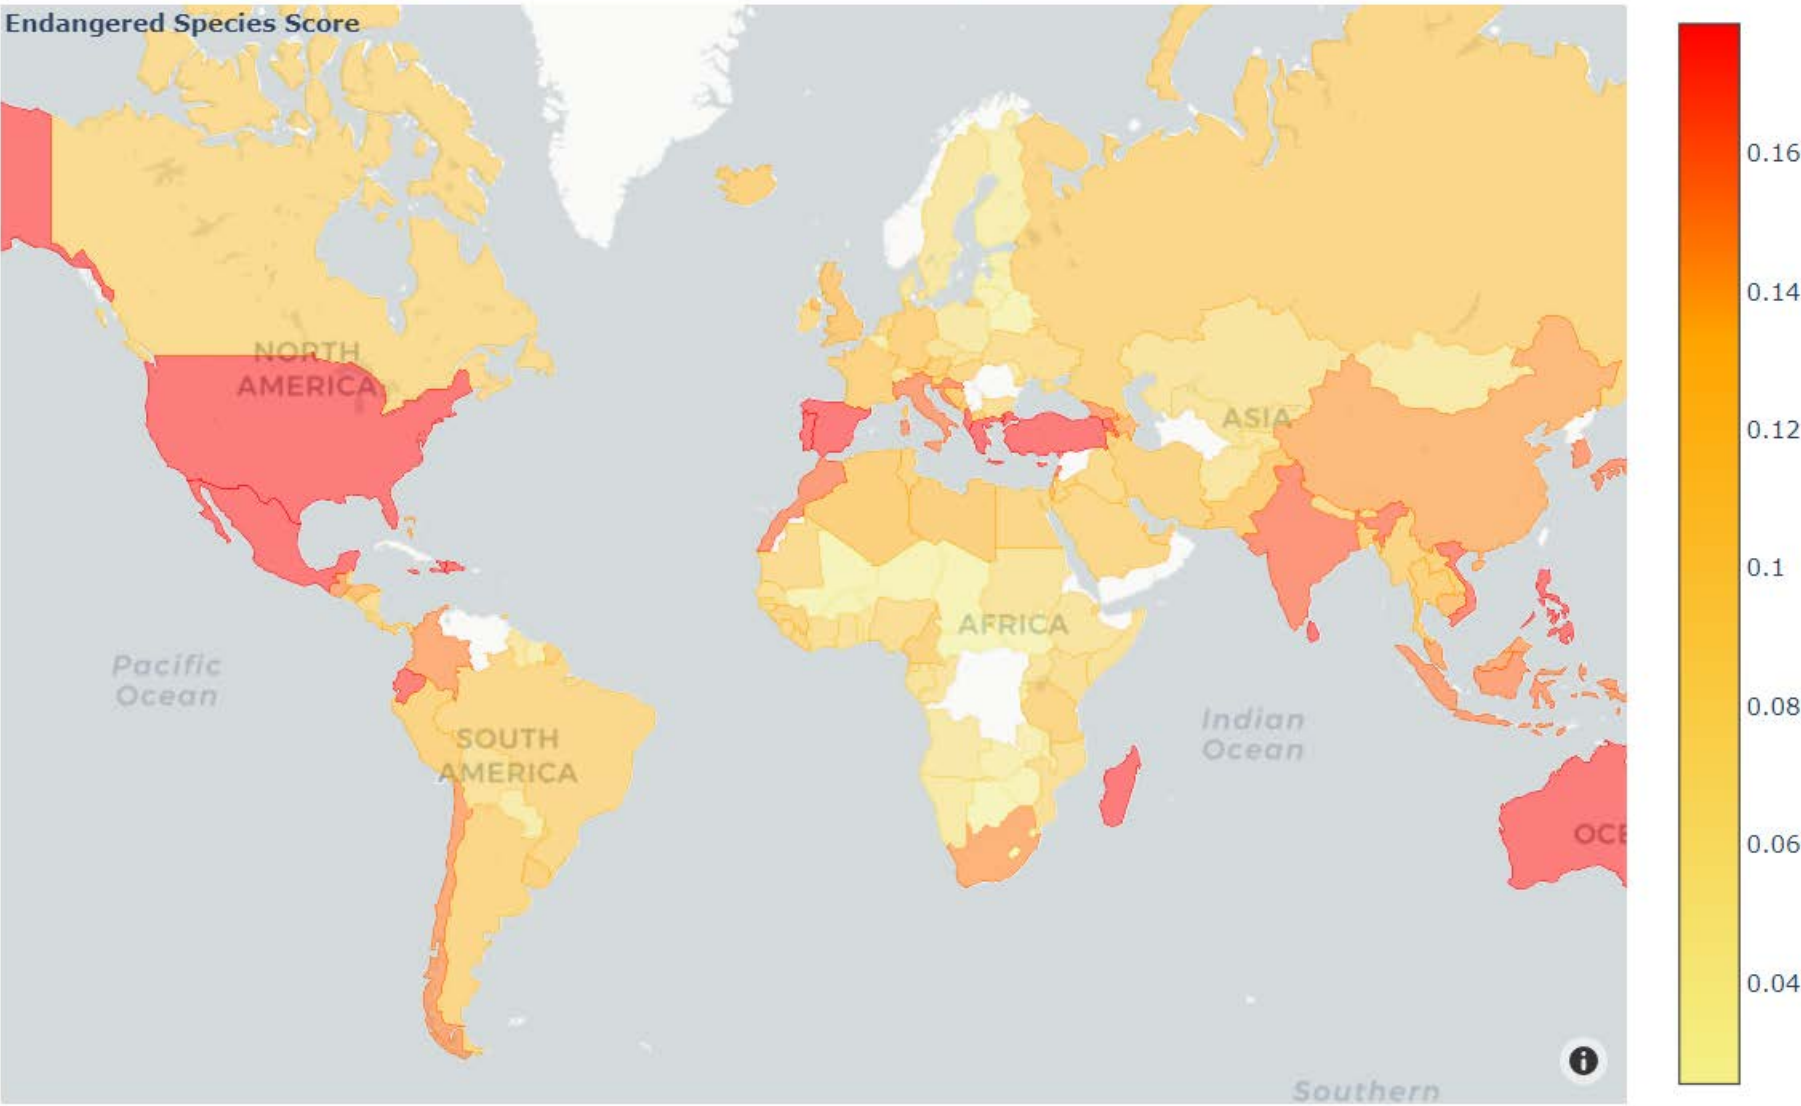

No. - Marine

No. - Terrestrial

Share - Freshwater

Share - Marine

Share - Terrestrial

1: IMF-Degradation Biodiversity Score indicates the average frequency (from 2010 to 2021) that a country mentions biodiversity degradation in IMF reports.
2: IMF-Regulation Biodiversity Score indicates the average frequency (from 2010 to 2021) that a country mentions biodiversity regulation in IMF reports.
3: Endangered Species Score is computed as the share of endangered species (% of all species) (Data source: IUCN Red List of Threatened Species).
