## Risk Measures:

Employment-Based Biodiversity Score<sup>1</sup>

GDP-Based Biodiversity Score<sup>2</sup>

Protected Area Score<sup>3</sup>

Endangered Species Score<sup>4</sup>

## Threatened Species:

No. - Freshwater

No. - Marine

No. - Terrestrial

Share - Freshwater

Share - Marine

Share - Terrestrial

## GDP Share:

Energy

Materials

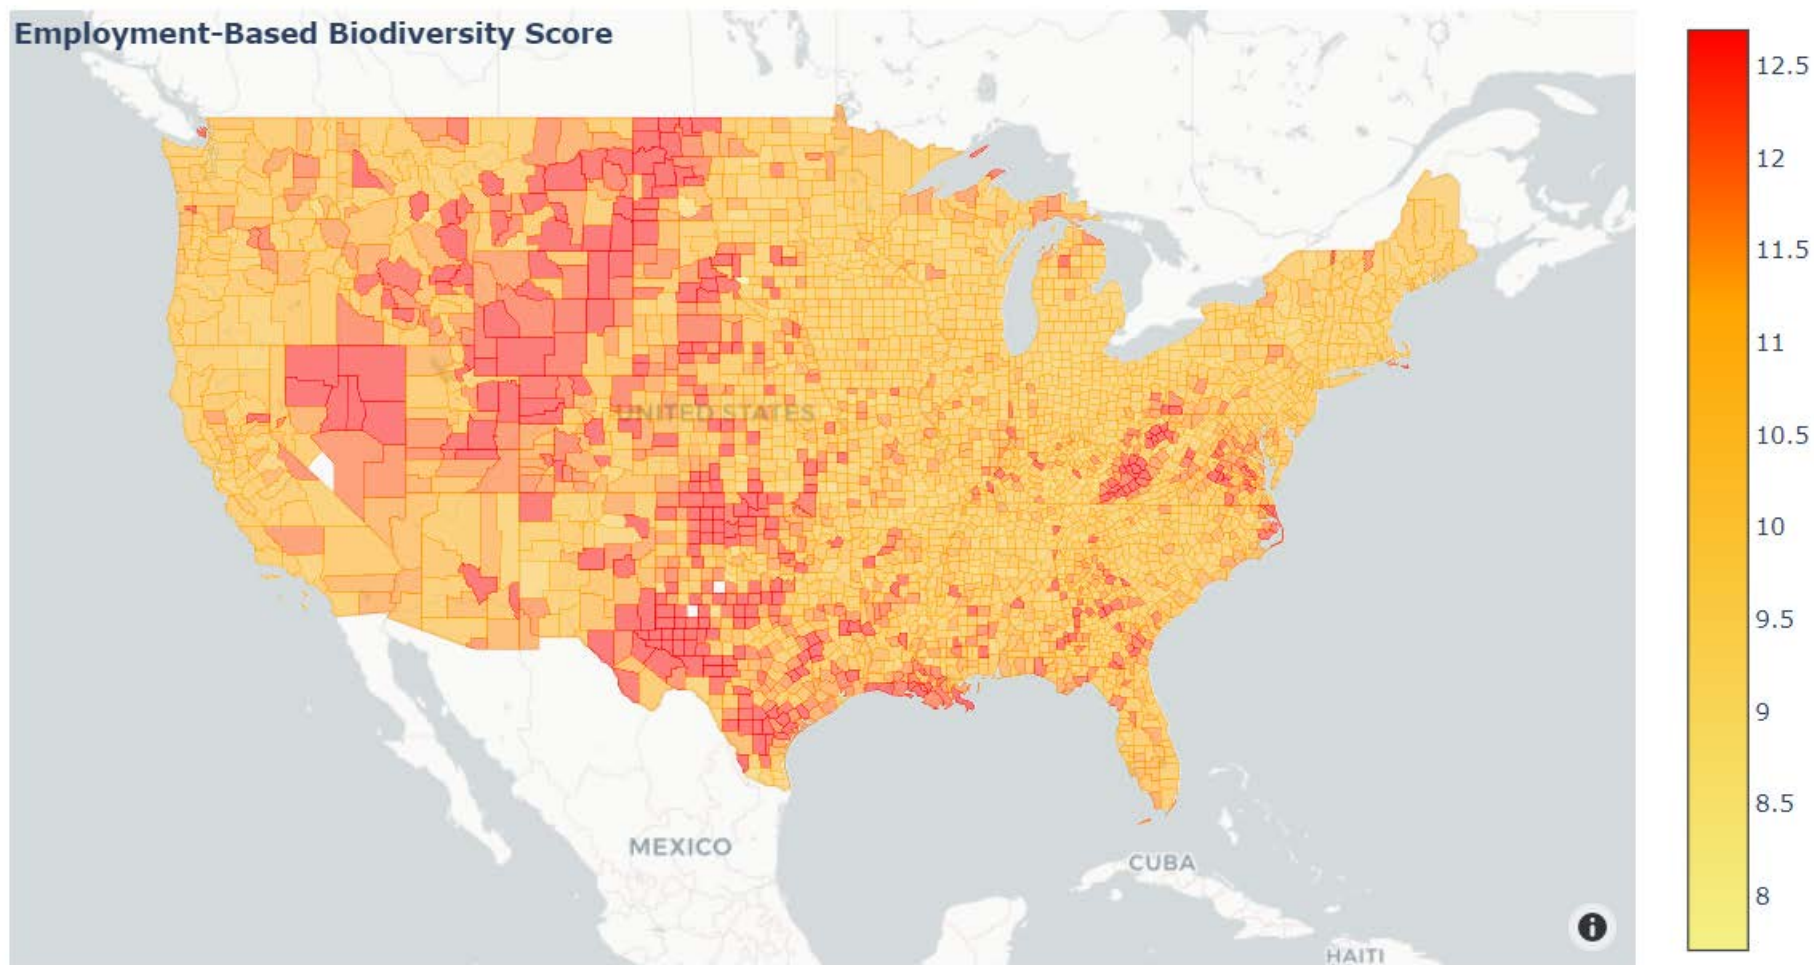

Capital Goods

Retail

Utilities

Real Estate

## Employment-Based Biodiversity Score

1: Average industry biodiversity scores weighted by the number of people employed in each industry (Data source: County Business Pattern).

2: Average industry biodiversity scores weighted by GDP of each industry (Data source: Bureau of Economic Analysis).

3: Share of the protected area (% of total area) (Data source: Protected Areas Database of the United States).

4: Share of endangered species (% of all species) (Data source: IUCN Red List of Threatened Species).
